Imagine This This compelling, inspiring, original musical is a personal journey through one of the most devastating periods of world history, but above all it is a story of hope; where laughter rises above tears; where freedom and resistance are found through imagination; and where love knows no boundaries. The setting: The Warsaw Ghetto, Poland, 1942. A group of actors struggles to keep the dream of freedom and the will to resist alive among the prisoners of the ghetto by performing the epic tale of Masada, the ancient Judean mountain where, over 2,000 years ago, a small band of courageous rebels held 10,000 Roman soldiers at bay. In this recording of a live performance in London's West End, Imagine This speaks to the strength of the human spirit; to man's determination to survive in the face of hatred and evil; his quest to be free under the fist of oppression; and to love in a world where love seems impossible. *PBS*
