The Adventures Of Young Indiana Jones Volume Three The Years of Change With well-crafted stories and high-quality production values, The Young Indiana Jones Chronicles was a rarity on TV when it premiered in 1992. Focusing on preadolescent and teenage versions of the Indian Jones character, the series follows the future archaeologist's adventures as he travels the world, rubbing shoulders with some of history's famed figures. From witnessing the birth of the Middle East to paying his dues in the early days of Tinseltown, the show is gently educational as it charts young Indy intersecting, often dangerously, with historical events. Produced under the watchful eye of creator George Lucas, these seven feature-length episodes chronicle teenage Indiana (Sean Patrick Flanery) getting himself in all sorts of tight situations, and feature guest stars like Anne Heche, Jane Krakowski, and Jeffrey Wright. Disc 1 includes "Tales of Innocence." The bonus features "Unhealed Wounds: the Life of Ernest Hemingway," "The French Foreign Legion: The World's Most Legendary Fighting Force," "The Secret Life of Edith Wharton" and "Lowell Thomas: American Storyteller" are also included. Additional Actors: Clare Higgins, Pernilla August, David Haig, Evan Richards, Roshan Seth, Peter Sullivan, John Turner. Disc 2 includes "Masks of Evil." The bonus features "For the People, Despite the People: The Ataturk Revolution," "The Greedy Heart of Halide Edib," "The Ottoman Empire: A World of Difference" and "Dracula: Fact and Fiction" are also included. Trevor Romain: It You Don't Take Care Of Your Body Where Else Are You Going To Live Field Day at James Tovar Middle School is supposed to be fun. However, for Jack, Skye, and Darryl, it turns out to be everything but fun. Skye could not finish the jump rope rally, Jack could barely climb one foot up the rock-climbing wall, and Darryl was absolutely no competition for Hogarth in the 100-yard dash. Stunned, embarrassed and a little confused, our three competitors look to Trevor to find out what exactly happened at the field day games. Coach Trevor Romain issues a 30-day fitness challenge to Jack and his buddies while explaining to them the importance of a healthy lifestyle. During the challenge, they learn that physical activity and healthy eating habits are not only good for you but fun as well. Jack, Skye and Darryl prove to Coach Trevor, and more importantly to themselves, that taking better care of your body improves the quality of your life and your performance in school and on the field. *Porchlight*

Teeth Writer-director Mitchell Lichtenstein's feature debut is a horror comedy combining elements of atom-age 1950s horror films with mythology and feminist theory. The result is a smart, sassy B-movie satire--funny, gross, and with a high squirm factor. A risky idea that could well have turned into a lower-tier Troma production, Teeth is a unique and surprising creation. Dawn (Jess Weixler) lives the life of a normal suburban teenager, except for the two nuclear reactors looming over her house. A goody two-shoes by any measure, she leads the local chapter of a chastity group, lecturing younger children on saving themselves for marriage. She finds herself stirred in unexpected ways, however, by new member Tobey (Hale Appleman). Dawn lets herself get closer to him than she has to anyone else, but when he rapes her, she discovers---in the most grisly way---that she is a true incarnation of the vagina dentata myth. As Dawn attempts to come to terms with her emerging sexuality and her second set of choppers, more men with bad intentions fall victim to their worst nightmare. Lichtenstein, sometime actor and the son of artist Roy Lichtenstein, reportedly first heard of the vagina dentata myth while studying under Camille Paglia, and his take on it proves to be as frightening (and bloody) as one would expect. As Dawn, Weixler is winning, and watching her transformation from meek to empowered is a blast to watch. A handful of wincingly gory sequences will have horror fans howling, but there are layers to the film for those willing to peel them back. *Genius*
